

INFINITY LOCKABLE COUPLINGS.

With an internal locking system and easy one touch connection these couplings provide safe and efficient one hand connection and operation.

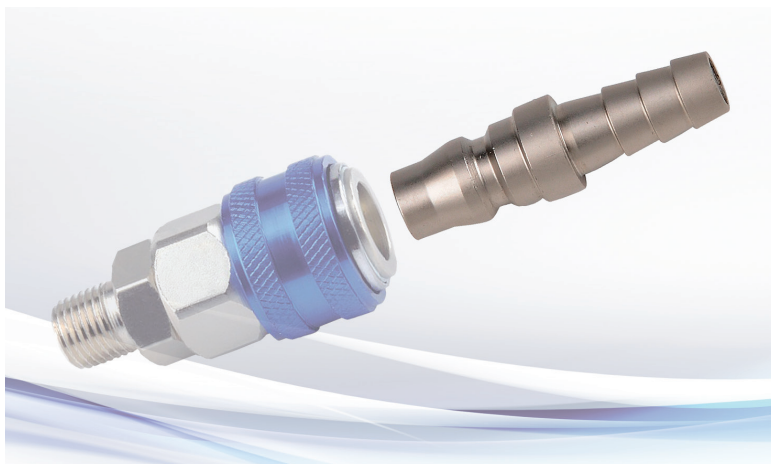

The new Infinity couplings have been designed specifically for the Australian compressed air industry. With an internal locking system and easy one touch connection these couplings provide safe and efficient one hand connection and operation.

Made with a carbon steel body with an aluminium shell these couplings are built to last and are compatible with other nitto style fittings.

Increased range of sizes, now up to 1/2" in the Female couplings and & Female Plugs

- 1/4" – 1/2" Male, Female and barbed
- Lockable Collar for safety
- One Touch connection
- Full Bore with limited pressure drop
- Large Flow Rate
- Double sealing gasket
- Working Pressure 10 Bar
- Working Temp -20c to 100c+

Infinity Lockable Couplings

NITTO STYLE COUPLINGS

PART NUMBER

NSC - 20 S H

NSC = NITTO STYLE SOCKET COUPLING
NP = NITTO STYLE PLUG

H = BARBED
M = MALE
F = FEMALE

20 = 1/4"
30 = 3/8"
40 = 1/2"

Male Coupling Nitto Style (Lockable)

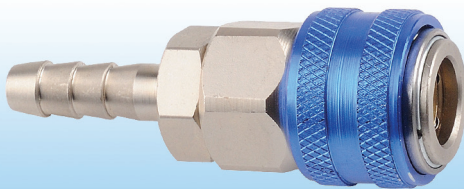

CODE	DESCRIPTION
NSC-20SM	1/4" MALE COUPLING
NSC-30SM	3/8" MALE COUPLING
NSC-40SM	1/2" MALE COUPLING

Female Coupling Nitto Style (Lockable)

CODE	DESCRIPTION
NSC-20SF	1/4" FEMALE COUPLING
NSC-30SF	3/8" FEMALE COUPLING
NSC-40SF	1/2" FEMALE COUPLING

Barbed Coupling Nitto Style (Lockable)

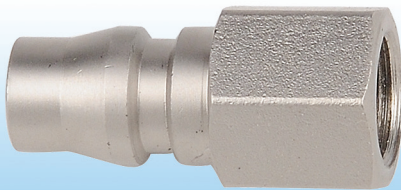

CODE	DESCRIPTION
NSC-20SH	1/4" BARBED COUPLING
NSC-30SH	3/8" BARBED COUPLING
NSC-40SH	1/2" BARBED COUPLING

Male Plug Nitto Style

CODE	DESCRIPTION
NP-20M	1/4" MALE PLUG
NP-30M	3/8" MALE PLUG
NP-40M	1/2" MALE PLUG

Female Plug Nitto Style

CODE	DESCRIPTION
NP-20F	1/4" FEMALE PLUG
NP-30F	3/8" FEMALE PLUG
NP-40F	1/2" FEMALE PLUG

Barbed Plug Nitto Style

CODE	DESCRIPTION
NP-20H	1/4" BARBED PLUG
NP-30H	3/8" BARBED PLUG
NP-40H	1/2" BARBED PLUG
